Title: Clean Community

Description: A website that allows volunteers to report issues and potential volunteer opportunities around their city that other volunteers can take on and get credit for their good deed.

Actors: volunteer, admin

Functionality:
1. Volunteers can create a posting
2. Volunteers can accept another volunteer's posting
3. Volunteers can mark another volunteer's posting as completed
4. Volunteers can view how many postings they have completed
5. Volunteers can view a scoreboard of most completed postings
6. Volunteers can report a posting
7. Admin can view reported postings
8. Admin can take down reported posting
9. Admin can un-report a reported posting
10. Admin can remove malicious users.
